MORGAN NICK ALERT/MISSING OR ABDUCTED CHILDREN

Purpose: The purpose of this policy is to establish procedures for use of The Morgan Nick/Amber Alert System and address issues specific to missing/abducted children.

Policy Statement: It is the policy of the North Little Rock Police Department to immediately notify and dispatch a patrol supervisor to the scene of a missing child, when the child is 12 years of age or younger and/or criminal activity is suspected in the disappearance. The Arkansas State Police (ASP) has the authority to activate a Morgan Nick Alert whenever circumstances indicated the need for an immediate large-scale, organized search for a missing child. This alert is to be a cooperative effort between our Department and the Arkansas State Police (ASP) who have been trained to assist local law enforcement jurisdictions in getting vital information to the news media in a timely manner for it to be disseminated to the public in cases of missing children. [CALEA 41.2.6a]

Summary of Changes:

Definitions

Missing Child: Any person less than 14 years of age whose whereabouts are unknown to a parent, guardian, or responsible party.

Morgan Nick/Amber Alert System: The Morgan Nick/Amber Alert System is a cooperative effort among Arkansas state and local law enforcement agencies working in conjunction with more than 250 Arkansas radio and television stations. The system provides law enforcement agencies intermediary access to the on-air signals of broadcasting stations across the state during the critical minutes following an initial report to local authorities of suspicious circumstances involving a child's disappearance.

Family Abduction: A non-custodial family member flees with a child, usually in direct violation of a court custody arrangement.

Non-Family Abduction: A child taken by an unknown individual through force or persuasion, usually in furtherance of additional victimization.
